

Primeurs 2022

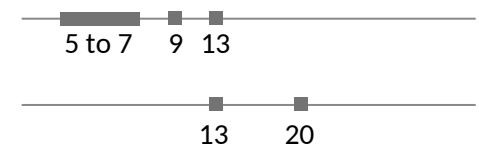

Bearing in mind this year's weather conditions, it's quite remarkable that the alcoholic degree wasn't over 14° and the pH levels were no more than 3.65, which is an indication of the good freshness in the wine. This is probably the most astonishing conclusion to be drawn from this 2022 vintage. A sun-drenched, hot weather vintage, and yet a vintage with balance. At La Conseillante, 2022 produced an extremely aromatic, brilliant, creamy wine underpinned by energy and an elegant tannic structure.

Property of the Nicolas Family
