# CHÂTEAU MONBRISON

**“As an air of paradise”**

*After a cold winter, budding was rather late. Throughout the growing season we saw a water deficit (the lowest rainfall for nearly 30 years) due to sunny and warm periods and cool nights that have caused several phenomena.*

*Weather conditions this year enabled us to have healthy and ripe clusters. Everything has been done to optimize this incredible potential, suckering, leaf pulling, hedging, green harvest...*

*Day after day we had a hard time realizing that this vintage might be better than 2009. At harvest time everything came together: the fruit, rich and phenol extractable compounds, perfect acidity potential, healthy grapes and a wonderful weather.*

*Throughout the winemaking process, we realized that this vintage would be perfect, unique and extremely desirable!*

## Vignoble

13 Ha 20 sur  
graves  
Lutte Raisonnée

## Vendange

Manuelles en  
cagettes  
Sélection parcellaire

## Elevage

18 mois en barriques  
100 % chêne français  
40 % bois neuf

## Vins

Château Monbrison  
Bouquet de Monbrison
