LABEGORCE

NOTES DE PRESSE PRESS RATINGS

91-93+/100

The 2022 Labégorce is deep garnet-purple in color. It tumbles out of the glass with eager-to-please notes of juicy black plums, wild blueberries, and warm cassia, leading to touches of cedar, wild sage, and cloves. The medium to full-bodied palate delivers muscular fruit with firm, grainy tannins and just enough freshness, finishing woody. **This is an ambitious Labégorce!**

Lisa Perrotti-Brown

93-95/100

On the nose you find flowers, cherries, blackberries, and plums. The palate is packed with sweet, ripe, red fruits, silky textures, depth of flavor, and most importantly, **lift with energy in the finish.**

93/100

Lots of spice, more cardamon, cloves and grilled sandalwood. There is density and concentration, and clear tannic heft, one block stacking up along the next, closing in on the palate, showing astringency and a huge future ahead of it. Clear eucalyptus, black pepper, drawing the flavours out through the palate.

95/100

Fairly tannic but super cool and fresh too with cola and blueberry nuanced. Chewy but really juicy, an approachable fun and easy wine still with bite, tang, juiciness and tannic density. Very appealing still with bite. Not as dense and weight as some, but wow there's a lot to like; gorgeous acidity, textured and well defined tannins, lovely punchy fruit and a long length. Delicious, still with a minty, graphite and clove lift on the finish.

94-95/100

La réussite est admirable. Ce vin qui s'appuie sur de très beaux cabernets révèle un fruité exubérant des notes épicées en finale. Riche, il est aussi très harmonieux et digeste en finale.

JEB DUNNUCK

92-94/100

I continue to love the wines from Labégorce. Classic notes of darker currants, blackberries, smoked tobacco, and fresh earth all flow to a medium to full-bodied, pure, layered Margaux offering quality tannins as well as terrific purity of fruit. Pulled from 85% of the total production and aging in 40% new French oak, it's going to offer pleasure right out of the gate yet still have two decades of longevity.
