

CHATEAU - FIGEAC

PREMIER GRAND CRU CLASSÉ

Saint-Emilion, Thursday June 13th, 2019

Dear Sir or Madam,

We are pleased to announce the release onto the market of the Chateau Figeac 2018 vintage, which will take place on Friday morning. This vintage is very probably one of the best ever produced at the property.

It is a perfect reflection of the Manoncourt family's philosophy: a wine with vibrancy and breed, unique in its grape composition and its terroir. This 2018 will mark the history of Figeac. Unanimously acknowledged by the press and the profession, Figeac 2018 sparked enthusiasm both in France during the primeurs and abroad during the presentations given over the last weeks.

With a volume of production on a par with that of 2015, this release represents 90% of the crop. This new vintage follows the same recent dynamic set by the Manoncourt family for this brand. With substantial investment in new winemaking and hospitality facilities, Figeac, while remaining faithful to its history, continues to stride forward with confidence towards the future.

Once again, we reiterate our support and trust in the Bordeaux négociant market and in our sales partners who represent an exclusive hub for the distribution of Figeac in France and around the world.

We stand at your sides to promote Figeac. The quality of sales distribution, which is continually progressing thanks to your work in the field, is an essential component in the enhancing of the renown of this centuries-old family brand.

With our very best wishes,

Hortense IDOINE

Jean-Valmy NICOLAS

Frédéric FAYE
