

Wooden Case Variation 2020

There's a new form of presentation for **Château Grand-Puy-Lacoste** and **Lacoste Borie 2020**, in addition to our existing formats.

The Case Variation 2020 proposes an equivalent volume to 12 bottles or 9 litres in the form of a wooden CASE containing : **one Double Magnum, two Magnums and four Bottles.**

In music, a variation involves the modification of a theme, whether a rhythm, a melody or harmony. We have chosen to combine in a single case the different bottle sizes, which will allow the comparison of the evolution of the wine over time in the various formats.

The wine lover will be able to choose the perfect « variation » according to the moment in their life. It's ideal for the connoisseur who'll be able to follow the evolution of their wine over time.

Thanks to this case it will no longer be necessary to choose between bottles, magnums and double magnums !

This form of presentation is in addition to our existing ones, and needs to be specified at time of order.

The assemblage, blend, of Grand-Puy-Lacoste 2020 is again largely Cabernet Sauvignon, 76%, and demonstrates the ability of our terroir to express the character and charm of great Cabernet.

Our wine is a deep reddish purple, intense and bright. The bouquet is of ripe black fruit, violets and spices. Complemented by an attractive mineral freshness.

On the palate the first impression is of clean, balanced and persistent fruit, carried by its ripe and rounded tannins. The wine is finely knit, combining charm, elegance and freshness, with a long pure finish and pronounced aromatics.

Yet again, this fine vintage with its richness and complexity displays the impressive terroir of Grand Puy Lacoste. This can certainly be numbered among the great successes of the property.
