

# Château Sociando-Mallet 2024

## Haut-Médoc

### **Vineyard**

49 hectares in production

"Terroir" of gravel and clay over a clay-limestone sub-soil.

Grape varieties: 55% Merlot, 43% Cabernet Sauvignon and 2% Cabernet Franc.

Average age of the vines: 22 years

Density of plantation: 8 333 plants /ha

### **Vine growing methods and harvesting**

Traditional ploughing

Mindful soil improvement

No spraying against botrytis

### **Vinification and ageing**

Manual harvesting in small crates, from September 24<sup>th</sup> to October 4<sup>th</sup> , with manual sorting of the grapes before and after de-stemming.

Classical wine making, in temperature-controlled concrete and stainless steel vats.

Malolactic fermentation in vats.

Ageing in 80% new oak barrels for 12 months.

### **Yield**

39 Hl / Ha

### **Second wine**

La Demoiselle de Sociando-Mallet

### **Consultant oenologist**

Thomas Duclos
