

Croix de Reverdi 2018

Haut-Médoc

The Thomas family has been winegrowers for several generations at Château Reverdi, located in Donissan, whose land is reputed to have been the first to be cultivated in Listrac. Château Croix de Reverdi is not strictly speaking a second wine of Château Reverdi (regularly Cru Bourgeois and awarded), but a wine in its own right, produced from plots of land overlooking the Garonne, in the commune of Cussac. The work in the vineyard has been completely restructured since 1985 with drainage and plants adapted to the terroir.

Tasting Notes

The ruby colour of this wine reveals notes of blackcurrant and sandalwood. The fine palate offers a magnificent length and complexity on the finish.
