

CLIMATE

A little wet winter with some very cold sessions. The rain finally arrives in January and February.

Worries about the frost at the end of March and the beginning of April. Beautiful bloom. Four heat waves strike from June.

Concerned, however, we note a certain stoicity of the vineyard that seems to suffer less than us. The harvest in good conditions is early, the light rains were well come. In the cellar, no aroma of over-ripeness, fruit already.

TASTING NOTES

Very deep bordeaux.

Clear and brilliant.

First nose: cherry and chocolate, red rose.

After stirring: confirmed aromas, touch of verveine freshness.

Frank attack.

Supple ample mouth supported by a dense and fine tannin, chalky.

Very persistent finish around the red fruit.
