- Average age of the vineyard: more than 35 years
- Average density: 8 300 vines per hectare
- Ageing: 12 month in French oak barrels including 33 % of new barrels
- Oenologist: Eric Boissenot

Château Fourcas Dupré was born in 1843 and since that time has been considered as one of the leading estates from Lustrac-Médoc. The vineyard is a one piece vineyard of 47.5 hectares located on a great crest of Pyrenean gravel soil (80%) and clay and limestone.

The wine has a remarkable ability to age and has a very defined style: intense fruit, minerality (earthiness), complexity, spices, roasted and cedar notes. The wine making clearly focus on balance and elegance, which is considered to be in total harmony with the terroir of Fourcas Dupré.

Château Fourcas Dupré is member of the prestigious Union des Grands Crus de Bordeaux, of Académie du Vin de Bordeaux and of la Commanderie du Bontemps du Médoc, Graves, Sauternes et Barsac.
