

THE CATALOGUE

CELEBRATING OUR PARTNERS

We wanted to create this catalogue to highlight the estates and the people with whom we really work in partnership.

To us, **a partnership is a voluntary, demanding and enthusiastic commitment along-side a team** to promote one or more wines.

Our partners are both **Grands Crus Classés** acclaimed by our customers **but also, gems** that we want to share with you. In any case, behind these wines, there are always **upright, talented and passionate people who make exceptional wines and with whom we enjoy working with.** We also strive to surround ourselves with châteaux which are **committed or committing to sustainability.** We'll come back more closely on our environmental commitments at the end of this catalogue as this is a key topic that often guides our decisions.

These are estates for which we redouble our efforts to establish a tailor-made distribution, in line with their wishes.

These are estates **of which we are truly Ambassadors** - by relaying their information and news of course, but also by organizing tastings and above all by planning with you, events so that your clients (re)discover these wonderful wines.

Finally, these are estates for which **we are also financially committing,** motivated by the desire to offer you the verticality of stocks necessary to transcribe more precisely their identity.

In the end, it is a virtuous circle since in return our partners trust us and continue to allocate us more wine or the exclusivity of their distribution. **We thank them very much.**
Long live these partnerships!

The winemaking practices at Clos des Lunes take inspiration from those of Domaine de Chevalier, and benefit from an expertise in creating impressive dry white wines.

"A great wine originates from great fruit. It is the natural expression of a great terroir. Man simply reveals it... The terroir determines everything", explains Olivier Bernard.

This approach, based upon an absolute respect for the terroir and the fruit, is put into practice through an endless pursuit of quality through research and constant refinement.

Affordable luxury

Revived by the Bernard family who took over the farming in 2009, château Lespault Martillac has today turned into a shining star of the appellation, both in red and white.

It is located on a beautiful dome of gravels at the top of the Martillac village and planted with a majority of Merlot. Respecting this personality was Olivier’s choice, we shall thank him for this !

Just like in Chevalier, the small 8-ha vineyard including 1 ha of white vines, is cherished as a garden. Herbicides and chemical fertilizers are prohibited.

Soils are ploughed and are given vegetal compost only, while the protection against diseases and bugs is carried out by organic methods such as ‘mating confusion’ to fight the grape-worm.

The Mark of Time

Château Duhart-Milon's wine is often described as a Pauillac textbook. The words of the broker Guillaume Lawton back in 1815, depict quite clearly Duhart's style: "... it comes around with a great deal of structure, much colour and a deep juicy character".

That being said, Duhart-Milon has enjoyed tremendous improvements over the last decade. We notice, vintage after vintage, more finesse and elegance, in the direct line of Lafite style

Since the 2020 vintage, the second wine Moulin de Duhart is released through selected wine merchants. We are so pleased to be one of them and thus offer you such a nice introduction to Duhart Milon's style.

The Most Pauillac of all Pauillacs

The constant rise of Chateau Grand Puy Ducasse's quality has been noticeable for more than 10 years and is going to reach new heights thanks to the wide renovation program launched in 2021 under the code name: Renaissance.

The first step of this massive work was to design new, upgraded outfits for the bottles, to better reflect the wine's quality.

The real effort was then to build a new gravity-led ultra-precise vat room and two barrel cellars. Both trade customers and wine-lovers can also enjoy a unique hospitality experience at the estate, the only one located on the docks of Pauillac!

In 2021, Credit Agricole Grands Crus decided to give Bordeaux Tradition the world exclusive distribution of its second wine **Prélude à Grand-Puy Ducasse**. We are absolutely delighted to offer you this delicious second wine of Pauillac!

«Meyney is the gem of tomorrow ! If there were a new ranking, this estate would definitely be in !»

The word 'château' was attached to the name of Meyney in the 19th century by Luetkens family. It was a step into modernity, led by a lineage of inspired women.

In 1919, the powerful merchant Cordier purchased the estate and gave the wines of Meyney an international status and a worldwide distribution. We are great fans of this amazing Saint-Estèphe and are determined to build the best distribution for it with you!.

Bernard Magrez, the only owner of 4 Grands Crus Classés

Bernard Magrez is undoubtedly a master in communication and a man who knows his markets by heart. It's very pleasant to work with him and his team, because they understand and respect the retail dynamique. One of the best example os their consistency in prices over the years.

The Domaine de Léoville, one of the oldest and largest medoc vineyards, has belonged to the wealthiest and most influential french aristocracy until it was owned by the Las Cases family.

The current terroir producing the Grand Vin is the historical heart of the original estate, its purest core land since 17th century. The gate portal, emblem of this magical estate, opens to a clos of about 55 hectares bordered by stone walls. It's the backbone of Las Cases' identity, stretching from the hamlet of Saint-Julien to the south, to the vineyards of Chateau Latour to the north.

Domaines Delon

The team of Domaines Delon has a unique know-how that hugely benefits the wines they make. And that translates into the fantastic ageing potential of their wines.

The Power of Earth

Established more than 200 years ago by Scotsman John-Lewis Brown, Cantenac Brown already had (almost) everything required to make great wines, since this visionary person would pick only the the best terroirs.

French family Le Lous, today owners of Cantenac Brown shares the same vision. Truly devoted to the management of the estate, Tristan Le Lous is forming a winning duo with José Sanfins who has personified the modern history of the chateau since 1988. Their union was a milestone.

For more than a decade, quality has dramatically improved vintage after vintage. Wine critics praise the precision that today rules each stage of the production. We are very proud to be part of the château's closest partners.

In 2020, Tristan and José started the building of a new chai, entirely made of raw earth. This well-thought-out project is a tribute to the land and to Cantenac Brown's connection to nature. The will to create from what is there, with what nature offers to this terroir.

Legendary Terroir

Château Clerc Milon's history and success are perfectly summarized by these two words. The terroir is the one of Pauillac, where some of the world's most illustrious wines are produced.

The neighborhood is mythical indeed. First GCC Mouton and Lafite's vineyards are just around the corner, they can be seen from the Chateau's main terrace.

The combination of terroir and legend was materialized by baron Philippe who purchased the estate in 1970, then almost completely abandoned, and decided to restore its Classified Growth status.

Château d'Issan was famous and standing out way before it as ranked as a 3rd growth in the 1855 classification.

The reputation of its wine seems to go back to the late 12th century, as it was served at the wedding of Alienor d'Aquitaine and future king of England Henri Plantagenêt, on May 18th 1152.

In 2012, Françoise and Jacky Lorenzetti, already owners of Château Lilian Ladouys in Saint-Estèphe and of Château Pedesclaux in Pauillac, united to the Cruse family to run Issan.

Guiraud Galaxy

Château Guiraud is a historical partner of Bordeaux Tradition, it makes us so proud!

This estate is at the forefront of Sauternes' renaissance, energized by convinced and uncompromised owners: the Bernard family (Domaine de Chevalier), Stephan von Neipperg (Ch Canon la Gaffelière, La Mondotte...), Robert Peugeot and since 2022, Mathieu Gufflet (Domaine les Aurelles, Ch des Bachelards), just like the previous co-owners Planty family had pushed it to the fore of the biodiversity avant-garde. They have created the one and only conservatory of white grapevine varieties!

Already renowned for their delicious dry white wine G de Guiraud, these passionate partners launched in 2021 a new Grand Vin Blanc Sec which is set to write a brilliant new chapter of Bordeaux white wine history.

In 2022, Sandrine Garbay, former technical director at Chateau d'Yquem, was appointed as general manager with the goal to reach even more precision. Unstoppable!!!

Château Cheval Blanc Saint-Émilion

Cheval Blanc is eternal. The shiniest star in the firmament of Saint-Emilion, this château is worshiped by wine lovers like no other. Its legendary terroir with blocks undisturbed for the last 150 years, its uncommon varietal mix, its unique style, its hamlet spirit, are some of the founding principles of an absolute myth.

But such beauty, which should never be taken for granted, must be cherished. While climate change and the fall of biodiversity are in everybody's mind, the team of Chateau Cheval Blanc has embarked for the last few years on an agro-ecology farming program. Three main practices are operated: agroforestry, plant cover, and polyculture.

We are certain this strategy of unconventional viticulture will be successful and a source of future inspiration for others.

It is clearly one of the best value for money / good ratings

The vineyard of 11 ha and 36 years of middle age, globally exposed to the south on the well-named place called Bellevue, benefits from an exceptional terroir, well drained, consisting of sandy-gravel alluvial deposits and clay-limestone layers conserving heat.

The blend is stable, constituted to 80% of merlot and 20% of cabernet franc, and the yield is limited voluntarily. The vineyard is conducted in reasoned viticulture.

Château De Ferrand

A Phenomenal Progression, An Exquisite Wine!

Planted on the clay-limestone hillsides of Saint-Hippolyte at around 100 meters above sea level, Château De Ferrand is one of the highest vineyards in the Saint-Émilion appellation. The estate consists of 42ha of vineyards surrounded by 10ha of forests. The grapes varieties are 70% merlot, 29% cabernet franc and 1% cabernet sauvignon, providing roundness, freshness, minerality, acidity and a lingering finish that herald perfect balance and a wonderfully long life.

Under Pauline and Pilippe Chandon-Moët, the estate has regains huge momentum! There has been significant work going on at Château de Ferrand since 2010. The vineyards have been restructured and replanted after an in-depth ampelographic soil study and adaptation of grape varieties to terroirs.

Cultivation methods have been revamped. Winemaking buildings have been re-examined. Cellars have been modernized, and vats adapted and increased in number to enable plot-by-plot management. Thanks to the very promising terroir, the wine's quality levels have soared. In 2012, the family's commitment bore fruit: Ferrand became a Saint-Émilion Grand Cru Classé.

After more than three years of trials, 2021 is the first organic-conversion vintage across the entire vineyard.

Pauillac / Saint-Estèphe

Cellar of Lynch Bages designed by Didi Pei

Located at the gates of Pauillac and overlooking the Gironde estuary, the vineyard of Lynch-Bages extends over the Bages plateau, one of the most beautiful gravelly mounds in the commune.

The new cellar at Château Lynch Bages measures 11,000 square meters and impresses with its ingenuity and technology.

There are now 80 vats compared to 40 previously, allowing for more suitable vats for intra-parcel selection work.

Château Suduiraut
Premier Cru Classé
Sauternes

Timeless Elegance

The Suduiraut estate consists primarily of the land that historically remained in the hands of the old Suduiraut family until the late 18th century.

The remaining portion comprises a former possession of Mr. de Castelnau, which was added to the estate in the early 19th century.

It is located in Sauternes in Preignac, at their junction with Bommès and Fargues.

At the foot of the hill where Yquem is located, the vineyards of Château Suduiraut spread over terroir composed mainly of sandy-clayey gravel, where stones capture the heat of the sun, allowing the grapes to reach maturity more quickly.

Château Pichon Baron & Château Pibran
Second Grand Cru Classé & Cru Bourgeois Supérieur
Pauillac

50 shades of Pauillac

The Pichon Baron estate was bought in 1987 by AXA Millésimes, whose objective is to allow great wines from vineyards with a glorious past to express their full potential.

The complete reconstruction of the vat room and the cellar as well as the renovation of the château began in 1988. Since then, the 19th century château has been magnified by a mirror of water at its feet.

And under its silvery reflections is hidden since 2008, a brand new vat room as well as a superb reception space.

Château Talbot

4th Cru Classé

Saint-Julien

A Saint-Julien Icon

Château Talbot covers 110 hectares of a single vineyard within the municipality of Saint-Julien, a remarkable appellation since it has no less than 11 classified growths. Ideally located on the edge of the Gironde estuary on the hillsides of alluvial graves loaded from the Massif Central by the Dordogne and the Pyrenees by the Garonne, the terroir of Château Talbot is simply exceptional.

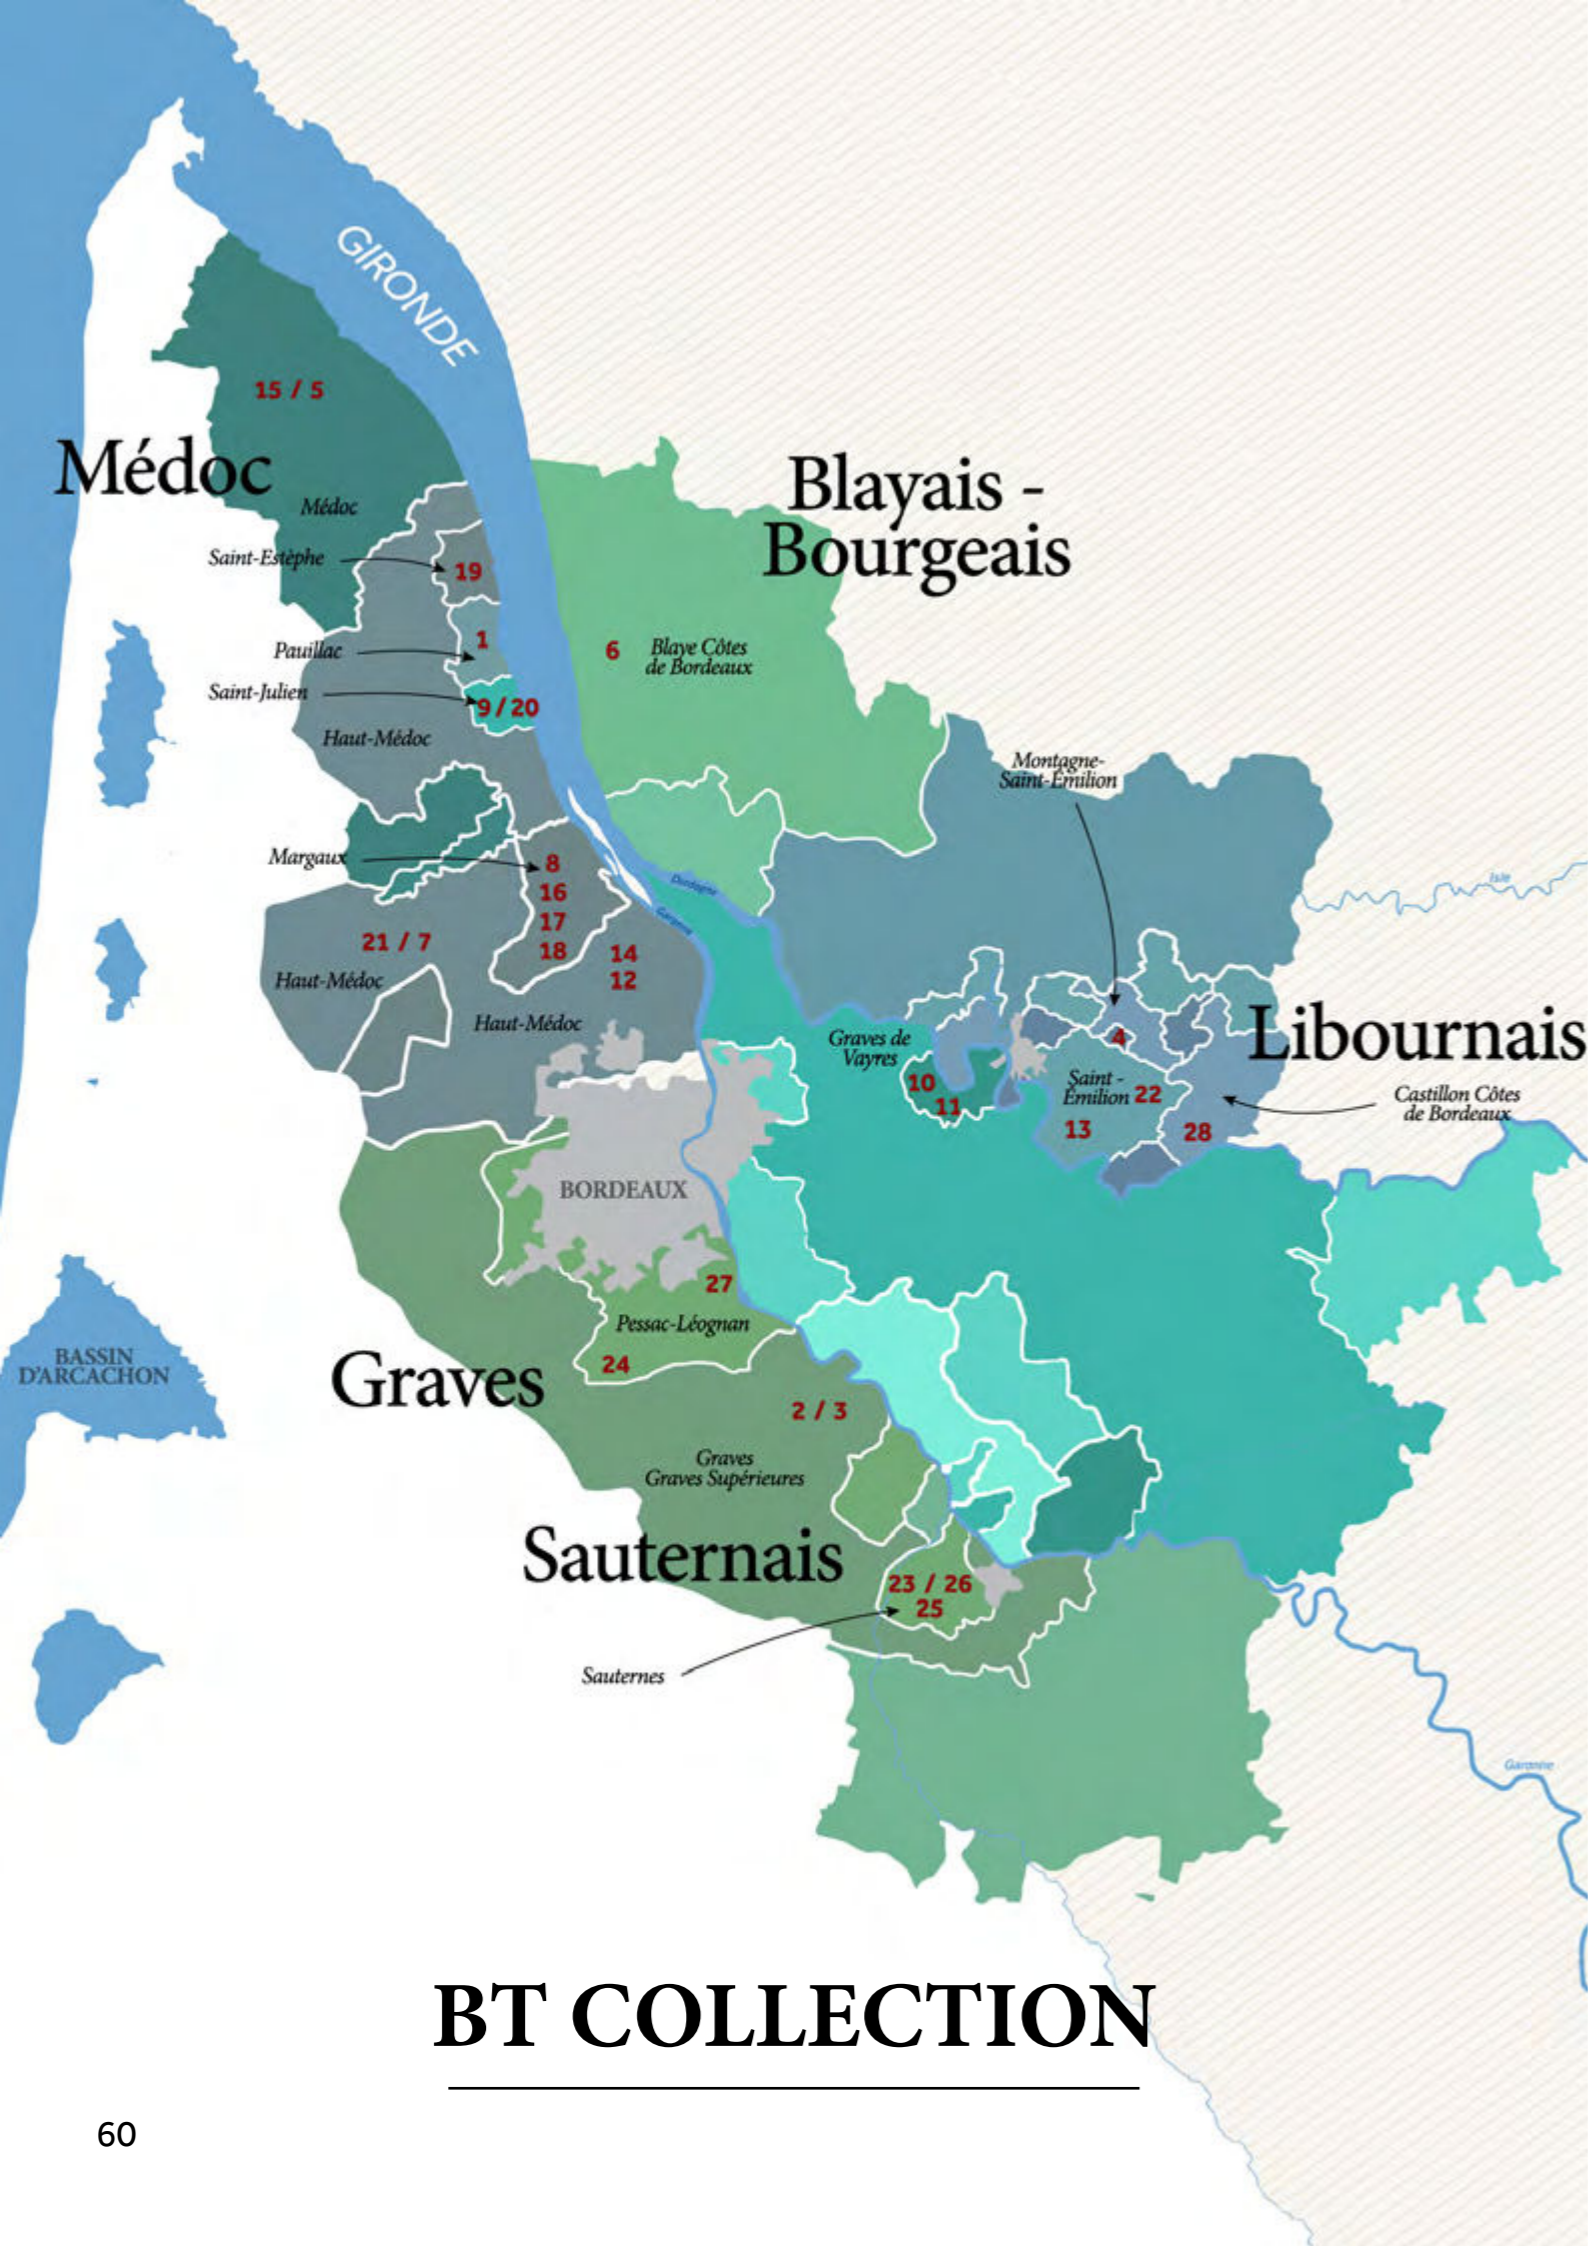

Château Talbot is a classic, but a classic that dares to question itself, as evidenced by its absolutely unique cellar. We are great fans of this monument of Saint-Julien, proud of its roots, today at the forefront of the appellation.

Château La Motte

Blaye Côtes de Bordeaux

A BT Exclusive for Over 20 Years !

Vines of Château La Motte

« The ultimate proof that we can make a great Bordeaux for a small price ! »

Édouard André

The history of Château La Motte dates back to the 15th century when it belonged to René De Dreux. The property was sold in 1498 to Mathurin De Polignac, and then to Jean-Paul Chevalier.

It was only in the 18th century that the estate was sold to Gabriel Regnault de la Mothe.

The terroir is located on a clay-limestone slope, between the municipalities of Eyrans and Saint-Androny. Ideally exposed, this hill ensures a healthy and ripe harvest. The vineyard consists of 10% Cabernet franc and 90% Merlot.

Château l'Isle Fort

Bordeaux Supérieur

If You Like Bordeaux, You Will Love Isle Fort !

Frédéric Bernard, Sylvie Douce, François Jeantet & Capucine Adamian

Though abandoned for decades, the soil has retained its integrity. The fauna and flora had proliferated, allowing the Estate to regain its original biodiversity.

The Estate of Isle Fort was taken over and totally restored by Sylvie Douce and the architect François Jeantet in 2001.

They replanted 9 hectares of vines, rebuilt the old farm buildings, restored the lakes and waterfalls, and brought horses, cows, sheep, pigs, and all kinds of birds to live off the land... Even bats were placed in the caves to ensure the disinsectization of the vines.

In line with all the efforts on rehabilitating the ecosystem, they are converting the property into organic from the 2021 vintage.

Château la Bastienne

Montagne Saint-Émilion

A True Gem : 12.5 Ha

Born into a family of winemakers, Pierre-Emmanuel Janoueix took over the Château La Bastienne in 2000, out of love for his terroir and the wine of his family. From the beginning, its objectives is to produce great, powerful wines of very high quality.

20 years later, his goal is now fulfilled: his wine is perfectly prepared, in the respect of the environment and in line with consumers expectations. BT has the exclusive distribution of this wine, one of our gems!

Château Belle-vue

Cru Bourgeois exceptionnel

Haut-Médoc (Belle-Vue) / AOC Bordeaux (Petit Verdot)

The Petit Verdot in the Spotlight

Acquired by Vincent Mulliez in 2004, the Château Belle-Vue comes from an exceptional terroir whose history is blended with the Bordeaux wines. Once the seat of an active boat trade, the Château is now famous for its vineyards.

This estate, which was well-known since the 19th century, won many awards: a Gold Medal in Amsterdam in 1895, Silver in Brussels in 1897, Paris in 1900 and Bordeaux in 1907.

The vineyard consists of 14.6 hectares, with 5 different grape varieties: Cabernet Sauvignon, Merlot, Petit Verdot & Carménère.

It is quite unusual to find so much Petit Verdot in the composition of a wine, which makes it unique.

Château Haut Rozier

Francs Côtes de Bordeaux

A great right bank at a very gentle price

Le Château Haut Rozier est situé sur la commune de Tayac, près de Lus-sac. Après avoir été la propriété de Romain Pascal, le domaine a été racheté récemment par Monsieur Richard.

Très soucieux de travailler dans le respect de l'environnement et du ter-roir, Monsieur Richard a immédiatement entrepris la conversion biolo-gique du Château Haut-Rozier.

Ce vin est certifié en Agriculture Biologique depuis le millésime 2020.

Ce qui démarque cette propriété de ses voisins c'est l'approche œnolo-gique combinant modernité et tradition. La récolte et la vinification sont menées par l'équipe de Monsieur Richard avec une grande attention à la vigne permettant d'obtenir des raisins d'une qualité exceptionnelle.

L'élevage, très soigné, confère élégance et complexité à ces flacons.

Château Croix de Reverdi

Haut Médoc AOP

The Thomas Vineyards are first and foremost a family affair. In 1953, Georges Thomas bought a few hectares of vines and gave birth to Château Reverdi.

In the 2000s, the current owners Mathieu and Audrey Thomas, brother and sister, take over the reins of the vineyard with the same passion and the same love of the soil that animated their grandparents and parents.

The vineyards of Château Reverdi today comprise 18 hectares of vines, made up of a limestone clay soil, silica and gravels. The land is reputed to have been the first planted in Listrac.

For the Château Croix de Reverdi, work on the vineyard has been completely restructured since 1985 with drainages and plants adapted to the terroir.

Ma Parcelle «La Butte Au Loup»

IGP Atlantique

A wine for friends with an original blend

The Ma Parcelle “La Butte aux loups” is a vintage in the Atlantic PGI appellation. This IGP is quite recent, as it was created in 2009.

Indeed, it is an appellation that allows to classify the wines produced around the Bordeaux vineyard, and which do not meet the very limited specifications of AOC like Bordeaux.

This cuvée was born from a collaboration between Bernard Cazade, owner of Château Les Rambauds, and Bordeaux Tradition. Bernard Cazade and his family decided to produce a wine off the beaten track, by combining Malbec and Syrah, without hesitating to shake up the codes, especially to prepare for the future!

Moreover, Bernard Cazade has selected these parcels to favor these two grape varieties and produce wines that are as easy to digest as possible with very reasonable degrees.

The property is almost entirely certified in Organic Agriculture. The cuvée “Ma Parcelle” will be officially organic from the 2021 vintage.

Château Pichon Bellevue

Graves de Vayres

A winning duo for all !

When Family Reclus moved to the Château Pichon Bellevue in 1880, they cultivated 2 hectares of lands in polyculture. Since then, the estate has continued to expand and evolve to adapt to commercial and technological developments.

Nowadays, Laurent perpetuates the work of his parents, Christiane and Daniel Reclus, paying particular attention to the 50 hectares vines in a traditional way while bringing a touch of modernity.

Chateau Pichon Bellevue is a 50-ha one-piece vineyard located on the left bank of the Dordogne, South-West of Libourne.

Its vineyards land on beautiful gravelly slopes of old alluvial terraces of the Dordogne. 10 ha are planted with white vines, 40 ha are planted with red vines.

Château du Retout

Cru Bourgeois Supérieur
Haut-Médoc

One of the Jewels of the Crus Bourgeois !

Hélène Soual

Sublime Cabernet, spiced with a touch of Petit Verdot.

The vineyard of the Château du Retout is cultivated with as few interventions as possible to strengthen the resistance of their vines that will reveal the strength of the terroir.

Today the Château du Retout counts 34ha in AOC Haut Médoc and 1.5ha in white grape varieties.

L'Hêtre

Castillon Côtes de Bordeaux

The Beginning Of A Long and Talented Story

Talking about the name "L'Hêtre", its history is very new. But, in fact, this domain of Castillon was managed by Stéphane and Beatrice Goubau for the last 10 years, under the name of Château Goubau.

It is during these ten years that the couple invested into the organic certification of the vineyard.

Jacques Thienpont visited this estate in the Côtes de Castillon during the harvest 2015. He was immediately struck by the great location and the stunning view, perched at the end of the limestone plateau that runs eastwards from Saint-Emilion.

La Raison d'Hêtre, the second wine of the property have a blend of 95% of Merlot and also 5% of Cabernet Franc. but coming from young vines and clay-limestone plots of the lower slopes of the estate.

Our Environmental Commitments

Aware of the need to change our habits in order to preserve our environment, Bordeaux Tradition is committed to many aspects in favor of the preservation of our ecosystem.

Our Environmental Project

We decided to build, with the guidance of Mathieu Huguet, our consulting oenologist, a « **Bordeaux Tradition environmental charter** ». The aim is to offer different, more reasoned viticulture options to our exclusive properties.

Many of our exclusive properties have made considerable efforts, but this is not obvious to all winemakers. There are barriers both human, educational and financial.

We have developed an environmental charter gathering together 10 alternative techniques to conventional viticulture. Aware of the problems of our winemakers, we have thought of affordable solutions, not requiring much more manpower.

Eco-Friendly Packaging

We used dry materials meeting eco-responsible Bordeaux Tradition specifications, in agreement with our partner properties. So, all bottling organized by BT is made with recycled glass bottles: BD Préférence OI Distribution (*up to 85% recycled glass, 2nd lightest bottle on the Bordeaux market, produced locally in Vayres*).

We also use **FSC certified corks** (*the guarantee of a product coming from controlled and responsible drills*), and as soon as possible, labels in rustrel paper (*only 100% recycled paper & Made In France*), inks of 'vegetable print, and 75% recycled & 100% recyclable cardboard.

And in order to clearly communicate this commitment to our consumers, we have developed a "**Logic Eco**" logo.

Our Daily Commitments

For several years, we have been watching our consumption of non-renewable energy every day. Taking inspiration from the **CIVB 2020 Climate Plan**, at our level, we are closely following the recommendations to reduce our carbon footprint, our consumption of water and fossil fuels.

On a daily basis, we believe that every gesture matters, even the smallest!
