

TECHNICAL SHEET VINTAGE 2021

After "surviving" the frost and mildew, some rain at the beginning of September had little effect on the quality of the grapes, but at DESMIRAIL it was the start of the harvest for the 2021 vintage.

Harvesting began on Monday September 27, with the first Merlot grapes being picked, and the grapes were harvested at full speed, with no downtime, ending on a very sunny October 11.

Origine de DESMIRAIL 2021 combines the roundness and fruitiness of Merlot with the elegance and freshness of Cabernet Sauvignon.

HARVEST

From September 27th to October 11th, 2021

BOTTLING

June 6th, 2022

DEGREE

12,5 %

BLEND

Cabernet Sauvignon : 50%
