

TECHNICAL SHEET VINTAGE 2020

At DESMIRAIL, the 2020 vintage is characterized by an early harvest which began, under a bright sun, on Thursday, September 17, with the harvest of the Merlots. These were picked up in three days.

The first Cabernet Sauvignons are picked "in the stride" of the Merlots. The Petits Verdots were picked on September 23rd and the harvest of the Cabernet Sauvignon continued without a break until the end of the day on September 29th. Eventually, the Cabernets were picked at around 12° and brought us a touch of acidity and balanced the alcoholic degree.

The result is a very well-balanced wine with ripe tannins, an alcoholic degree of 13° and a nice acidity. A wine that will be pleasant as a young wine and with a superb ageing potential.

And probably with this quality and date 2020, a "collector's" vintage like the 2000!

HARVEST

From September 17th to 29th, 2020

DEGREE

13%

BLEND

Cabernet Sauvignon : 40%

Merlot : 50%

Petit Verdot : 10%
